Subject: Anadarko

Ted--

I got your letter asking about Anadarko's Earth Day award.

I know little about Anadarko's process, but the contact person with the company is Danielle Piernot (the t is silent; it's a French pronunciation). Dan Jarvis in our office said he wasn't sure how applicable Anadarko's process would be to your situation. He also said Danielle is a go between to the technical people, but her phone number is 720-929-6156.
